# **SUMMER MINISTRY TEAMS 2015**

## SUMMER MINISTRY

Our goal is to send out 1-2 teams of 4 college age people to do 9 weeks of ministry for the summer. The first week will include a trip to Camp Dixie in Fayetteville, NC for a week of training with Summer Ministry teams from all over the East Coast. This will be followed by 6 weeks of camp ministry mixed with 2 weeks of church outreach/VBS. We will take care of your training, travel, and meals for the summer and end with a debriefing weekend.

We are currently lining up camps and churches who will take these teams for the summer. We can't make any promises that you will be with a certain person or work at a certain camp, but we will do our best.

We believe that this will be a life transforming experience for you as you serve the Lord in Ministry as well as a big boost to these camps and churches who typically struggle to find qualified help for their ministry week(s).

We are offering \$2000 plus expenses for 9 weeks of ministry. This is based on each team member raising \$1000 through support letters.
